

Anushka Dilinuwan Wijesinghe

I am a motivated third-year undergraduate pursuing a B.Sc. (Hons) in Software Engineering at the University of Kelaniya with practical experience in full-stack application development and modern software engineering practices. I have hands-on experience with technologies including React, TypeScript, Node.js, Spring Boot, and Python through academic and personal projects focused on developing scalable and user-friendly software solutions. I am passionate about Software Engineering, backend development, and cloud technologies, and I continuously seek opportunities to strengthen my technical, problem-solving, and collaborative skills within real-world development environments.
